

**CITY OF DRIGGS, CITY OF VICTOR, CITY OF TETONIA AND TETON COUNTY, IDAHO
JOINT PRESS RELEASE**

FOR IMMEDIATE RELEASE – August 22, 2017

Re: Total Solar Eclipse

Teton County, ID- Final Eclipse Press Release

The Incident Management Team thanks everyone for their cooperation and support of the 2017 Solar Eclipse! We appreciate your patience and overall preparedness over the past week. The eclipse was a very successful event and an incredible experience to witness. Thank you for being here and enjoying it with us.

Months of planning came to fruition as tens of thousands of visitors were welcomed to and enjoyed Teton Valley without a major hitch. Despite heavy traffic departing the county, there were no major incidents.

The Eclipse Information Line is now closed. For non-emergency law enforcement inquiries or questions please contact the non-emergency dispatch line at 208-354-2323. Please do not call 911 unless it is an emergency.

Again, thanks to everyone who worked hard to make this experience so memorable.
